Research Project Statement

Date:

1. Name of the research topic (project)*

_____

* Note: A research topic (project) can be presented by an author or a group of authors for the purpose of creating monographs, scientific articles, textbooks, or new research (invention) in the field.

2. The relevance of the research topic (project) and its positioning at the time of application in the relevant field*

_____

* Note: Indicate publications that have been published in the last 5 years regarding research topics (in Georgian/foreign peer-reviewed or non-peer-reviewed journals) and you consider it significant.

3. Purpose of the Research Topic (Project) *

_____

* Note: Indicate the expected scientific results and the terms of its theoretical and practical use (scientific publication, patent, project commercialization, etc.)

4. Estimated plan-schedule for the realization of the research topic (project)*

Project implementation plan schedule:

* Note: Indicate a schedule for the duration of the project (e.g. 1 year, 2 years, 3 years and more) and the plan and schedule for its realization. In case of less than 3-year project, additionally substantiate the scientific reasons for the short-term of project research.

5. **Head of the Study Topic (Project) and Researchers***

_____

* Note: In the list of project researchers, indicate their experience and published publications, monographs and projects related to the research topic or relevant field. (if any).

6. **Foreign researchers and partner institutions involved in the research topic (project) ***

_____

* Note: If you have foreign partners, researchers or institutions involved in the research project, indicate their identity, name and experience regarding the research topic

7. **PhD students involved in the research topic (if any)***

_____

Note: If you have doctoral students involved in the research project, indicate their identity. If at this stage you do not consider the involvement of doctoral students in the project, indicate whether you plan to do so in the future.

Note: If necessary, additional project funding may be provided (based on relevant justification and submission of documentation).
